

# Ontario Made Mainway Caster Decks

## Moving the World, Safely & Efficiently

Our team of engineers understand the unique nature of the freight and parcel industry, and our logistics and conveyor solutions drive new standards in efficiency and reliability

### Designed, Engineered, Fabricated & Assembled in Ontario

Designed for maneuvering, loading and unloading ULDs, cargo carriers and solid surface pallets. Customized to specific applications and available with roller, caster or ball deck surfaces. Heavy-duty construction for use inside or outside

#### Advantages

For easier manual movement of ULDs, cargo carriers and solid surface pallets, we design, manufacture and install a full line of caster deck solutions.

#### Benefits

- 15,000 lbs + load capacity
- Increased productivity
- Reduced operational costs
- Customized solutions
- Minimum downtime

#### Solutions

- Caster Decks
- Scissor Lifts
- Caster Weigh Scales
- Safe Walking Surfaces
